

WAKING UP

A Guide to Spirituality Without Religion

by Sam Harris

For the millions of Americans who want spirituality without religion, *Waking Up* is a guide to meditation as a rational practice informed by neuroscience and psychology.

From Sam Harris, neuroscientist and author of numerous New York Times bestselling books, *Waking Up* is for the twenty percent of Americans who follow no religion but who suspect that important truths can be found in the experiences of such figures as Jesus, the Buddha, Lao Tzu, Rumi, and the other saints and sages of history. Throughout this book, Harris argues that there is more to understanding reality than science and secular culture generally allow, and that how we pay attention to the present moment largely determines the quality of our lives.
