

Soul

By Pete Docter

Joe Gardner is a middle school band teacher with a love for jazz music. After a successful gig at the Half Note Club, he suddenly gets into an accident that separates his soul from his body and is transported to The Great Before, the place where all souls go before being either reincarnated as newborn babies, or transported to the Great Beyond.

Joe must enlist help from the other souls-in-training, like 22, a soul who has spent eons in the You Seminar, in order to get back to the Land of the Living before he dies, while also avoiding a soul-counter named Terry, who tries to bring Joe back to the Great Beyond.
